Administrative Order Regarding eFiling of Court Hearing Dates

On this day, the Court finds there is a need for a formal procedure for formally setting hearing dates.

It is therefore **ORDERED** that once a date for a hearing has been established with the Judge's court coordinator, the hearing must be formally submitted by using the eFile system in the County Clerk's office.

Signed the 3 day of Nov, 2026.

Greg P. Henington
County Judge
